PLEADS FOR A SANE FOURTH

Commissioner Macfarland Addreses Citizens' Association.

Calls Attention to Loss of Life in the Past Due to Indiscriminate Use of Firegrms.

Commissioner Macfarland last night addressed a meeting of the Lincoln Park Citizens' Association in the Chapel of the Nativity, Fourteenth street and Massachusetts avenue southeast.

After congratulating the association on ts rapid growth and bright prospects for the future, Commissioner Macfarland asked its special interest in the "safe and sane" Fourth of July celebration, which the Commissioners, the Board of Trade, and the Chamber of Commerce ere planning. He pointed out that the Commissioners, in November last, had forbidden the sale and private exhibition of fireworks in the built-up portions of the District as a measure for the protection of life and property. He called attention to the statistics showing the loss of life thus far attending the celebration of Independence Day throughout the United States, and stated that the National Capital should set an example to the country at large. He further pointed out that the celebration of the day by the community through a public meeting had been made more necessary than ever, in view of the prohibition of the indisriminate use of fireworks.

Secretary Nagel and Secretary Dickinson have both lent their active co-operation to this movement, and the subscriptions of the citizens toward the \$2,500 found to be required, are daily received by those in charge of the celebration. Another feature given considerable prominence was the reclamation of the Anacostia flats. George L. Linkins introduced a resolution on this subject, in which he pointed out that the flats were not only an eyesore in point of looks, but were a positive menace to the public health on account of the mosguitos, which breed among the pools of stagnant water which dot the surface of the flats.

A committee was appointed by President D. A. Edwards, composed of Dr. W. F. Hemler, Dr. E. F. Rice, Charles A. Mansey and L. A. Everett to investigate the matter, and report their findings at the next meeting to be held the first Tuesday in July.

A new member, Guy N. Neely, was elected, and reports of the various committees, showing the association to be in excellent financial condition, were submitted and approved.
